

**~COLLECTIVE TRADEMARK/SERVICE MARK APPLICATION
(15 U.S.C. §§ 1051, 1126(d)&(e))~**

NOTE: The following form complies with the provisions of the Trademark Law Treaty Implementation Act (TLTIA) and the fee increase effective January 10, 2000.

BASIC INSTRUCTIONS

The following form is written in a “scannable” format that will enable the U.S. Patent and Trademark Office (USPTO) to scan paper filings and capture application data automatically using optical character recognition (OCR) technology. Information is to be entered next to identifying data tags, such as <DATE OF FIRST USE IN COMMERCE>. OCR software can be programmed to identify these tags, capture the corresponding data, and transmit this data to the appropriate data fields in the Trademark databases, largely bypassing manual data entry processes.

Please enter the requested information in the blank space that appears to the right of each tagged (< >) element. However, do not enter any information immediately after the section headers (the bolded wording appearing in all capital letters). If you need additional space, first, in the space provided on the form, enter “See attached.” Then, please use a separate piece of paper on which you first list the data tag (e.g., <LISTING OF GOODS AND/OR SERVICES>), followed by the relevant information. Some of the information requested must be provided. Other information is either required only in certain circumstances, or provided only at your discretion. **Please consult the “Help” section following the form for detailed explanations as to what information should be entered in each blank space.**

To increase the effectiveness of the USPTO scanners, it is recommended that you use a typewriter to complete the form.

For additional information, please see the Basic Facts about Trademarks booklet, available at <http://www.uspto.gov/web/offices/tac/doc/basic/>, or by calling the Trademark Assistance Center, at 703-308-9000. You may also wish to file electronically, from <http://www.uspto.gov/teas/index.html>.

COLLECTIVE TRADEMARK/SERVICE MARK INFORMATION

Mark: A mark may consist of words alone, a design or logo, or a combination of words and a design or logo. However, an application may consist of only one mark; separate marks must be filed in separate applications. In this space, enter the word mark in typed form (e.g., THE CAT'S MEOW); or, in the case of a non-word mark or a combination mark, a brief description of the mark (e.g., Design of a fanciful cat or Design of a fanciful cat combined with THE CAT'S MEOW). Do NOT include quotation marks around the mark itself, unless the mark actually features these quotation marks. Also, do NOT include any information related to a "pseudo mark" in this field. The "pseudo mark" field is controlled by the USPTO, and is not something that you should try to enter. If the USPTO determines that a pseudo mark is necessary for your particular mark, it will enter this information in the search system.

Typed Form: Enter "YES" if the collective mark applied for is shown in a typed drawing format (i.e., if the mark consists of only typed words, letters or numbers, and does not include a design). Please note that a registration for a mark based on a typed drawing affords protection not only for the typed version of the mark, but for all other renderings of the mark as long as those renderings do not contain any design elements. For a drawing in stylized form or design, a special form drawing must be submitted. The drawing should be in black and white.

Display the Mark: Regardless of whether the mark consists of words alone; a design or logo; or a combination of words and a design or logo, submit on a separate piece of paper a display of what the mark is. At the top of the page, include a heading consisting of (1) the applicant's name and address; (2) a listing of the goods and/or services on which on in connection with which the mark is used; and (3) a listing of the basis for filing (and any relevant information related thereto). Then, in the middle of the page, show the mark: If the mark is to be in a "typed" form, simply type the mark in the middle of the page *in all capital letters*. For a mark in stylized form or design, in the middle of the page display an image of the mark in black and white, in an area no greater than 4x4 inches.

GOODS AND/OR SERVICES

International Class Number(s): Enter the International Class number(s) of the goods and/or services associated with the mark.

Listing of Goods and/or Services, by Class: Enter the specific goods and/or services associated with the mark. For multiple-class applications, the goods and/or services should be listed in ascending numerical class order. If the applicant is relying on more than one filing basis, the specific basis should be set forth, followed by the goods and/or services that the particular basis covers. For example:

Class 25: 1(b): shirts, pants; 1(a): shoes; Class 30: 1(b): cookies; 1(a): ice cream

Please note that the filing fee is \$325.00 per class of goods or services listed, and at least \$325.00 must accompany the application in order for a filing date to be assigned.
